## What is CycleHome?

CycleHome is a cycling fundraiser campaign organised by Gladiolus Place (GP), supported by Togoparts, a virtual event organiser for cyclists and runners in Singapore and across Southeast Asia. CycleHome allows participants to join in the campaign, pledge their support to raise funds towards our cause, and cycle/run/walk their targeted distance at their own pace and time. Participants can go as individuals, and also team up with family and friends for the campaign.

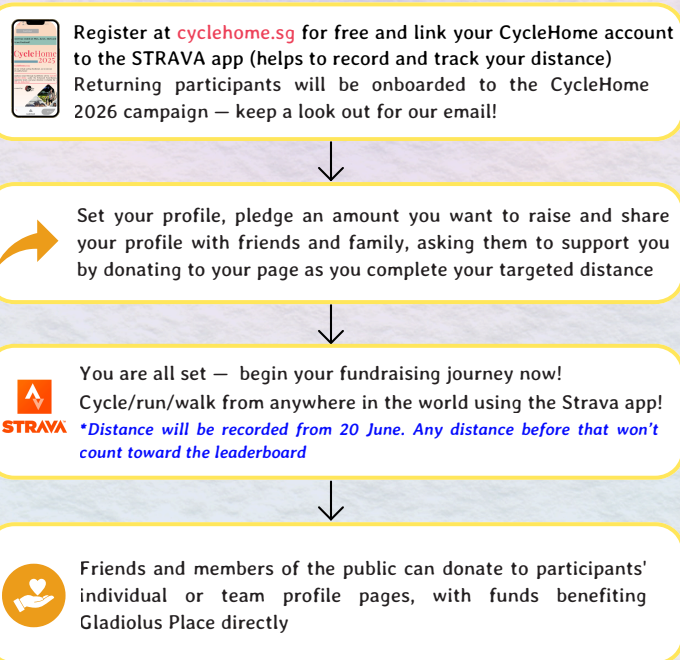

This year, CycleHome 2026 will continue to offer running and walking activities alongside cycling for Participants who may prefer these alternatives. These activities form the heart of CycleHome, thoughtfully designed for everyone – from young participants to seniors – encouraging individuals, families and communities to join in and making the campaign today inclusive for all!

## Purpose of CycleHome

Our purpose is to raise funds towards the reintegration work targeted at restoring each Girl back to her family. Our fundraising target is **\$125,000**.

## How does CycleHome work?

## Join Us As Impact Partners

In Singapore, some teenage girls face complex trauma and challenging family environments that can shape their future. Through **trauma-informed care and personalised therapeutic interventions**, we journey with these girls and their families toward healing, restoration, and reintegration.

Each year, we support **around 100 Girls**—helping them rebuild trust, rediscover their worth, and restore family relationships. When a family heals, it strengthens the wider community.

*But this work cannot be done alone.*

We warmly invite corporates, SMEs, associations, community groups, and churches to partner with us as Impact Partners.

Your partnership enables critical therapeutic care, family reintegration, and safe pathways for vulnerable girls.

Beyond making a tangible difference, your organisation will be recognised across our platforms and events—demonstrating your commitment to social impact in Singapore.

## Every Girl Loved, Every Life Transformed

### The story of CycleHome

CycleHome is a home-grown initiative by Gladiolus Place (GP), created to invite supporters to come alongside us in raising the crucial funds needed to help our Girls reintegrate back into safe and loving biological homes.

The name "CycleHome" took shape during a simple drive home. As Michelle, our Executive Director and Head of Home, was ferrying her daughter back from school, a sobering thought struck her – many of the daughters at GP do not yet have a safe home or family to be ferried back to. That moment became the heart of CycleHome, reflecting GP's mission of restoring families.

*Let us share about our story.*

Gladiolus Place is a non-profit Children's Home for vulnerable teenage Girls aged 11 - 21 years old who have experienced abuse, neglect and trauma. With our vision to have Every Girl Loved and Every Life Transformed, our mission is to bring about Healing, Renewal, and Restoration to families and communities. A charity with IPC (Institution of a Public Character) status, Gladiolus Place is licensed by the Ministry of Social and Family Development in the administration and upholding of high standards in our care of our Girls.

Founded in 1998 as Andrew & Grace Home, and later renamed as Gladiolus Place in 2018, we continue to carry on the legacy and founders' mission of providing love and care for vulnerable teenage Girls. Today, we care for 45 Girls from all races and religions, actively creating platforms for them to rise above their unfortunate circumstances and backgrounds, so that they can have equal opportunities in society to fulfill their purpose and God-given destinies when they come of age.
